Please complete each of the following reflection questions in the spaces provided using complete sentences; it is okay if this document moves into a second page!

1. What was the problem/issue that you saw in the community? Why does it exist? Why is there a need for your service?

2. What was your plan to help the community and how did you carry out that plan?

3. After completing the service, please reflect on how this action helped the community. Also, what could you have done differently or what still needs to be accomplished in the community?

4. What can you do with the knowledge you gained from this experience to promote change?

****Student, when you have completed this reflection page, save it / store it in your Civic Readiness Google Classroom(Civic Participation) along with your [hours verification form](#).****
